Chapter 112. Texas Essential Knowledge and Skills for Science

Subchapter D. Other Science Courses

~~§112.67. International Baccalaureate Biology (IB) (One to One and One-Half Credits).~~

- ~~[(a) General Requirements. Students can be awarded one to one and one half credits for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]~~
- ~~[(b) Content Requirements. Content requirements for International Baccalaureate (IB) Biology are prescribed by the International Baccalaureate Organization.]~~

~~§112.68. International Baccalaureate Chemistry (IB) (One to One and One-Half Credits).~~

- ~~[(a) General Requirements. Students can be awarded one to one and one half credits for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]~~
- ~~[(b) Content Requirements. Content requirements for International Baccalaureate (IB) Chemistry are prescribed by the International Baccalaureate Organization.]~~

~~§112.69. International Baccalaureate Physics (IB) (One to One and One-Half Credits).~~

- ~~[(a) General Requirements. Students can be awarded one to one and one half credits for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]~~
- ~~[(b) Content Requirements. Content requirements for International Baccalaureate (IB) Physics are prescribed by the International Baccalaureate Organization.]~~

§112.73. International Baccalaureate (IB) Biology Standard Level (One Credit).

- [(a) General requirements. Students can be awarded one credit for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]
- [(b) Content requirements. Content requirements for International Baccalaureate (IB) Biology Standard Level are prescribed by the International Baccalaureate Organization.]

§112.74. International Baccalaureate (IB) Biology Higher Level (One Credit).

- [(a) General requirements. Students can be awarded one credit for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]
- [(b) Content requirements. Content requirements for International Baccalaureate (IB) Biology Higher Level are prescribed by the International Baccalaureate Organization.]

§112.75. International Baccalaureate (IB) Chemistry Standard Level (One Credit).

- [(a) General requirements. Students can be awarded one credit for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]
- [(b) Content requirements. Content requirements for International Baccalaureate (IB) Chemistry Standard Level are prescribed by the International Baccalaureate Organization.]

§112.76. International Baccalaureate (IB) Chemistry Higher Level (One Credit).

- [(a) General requirements. Students can be awarded one credit for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.]
- [(b) Content requirements. Content requirements for International Baccalaureate (IB) Chemistry Higher Level are prescribed by the International Baccalaureate Organization.]

§112.77. International Baccalaureate (IB) Physics Standard Level (One Credit).

- (a) General requirements. Students can be awarded one credit for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.
- (b) Content requirements. Content requirements for International Baccalaureate (IB) Physics Standard Level are prescribed by the International Baccalaureate Organization.

§112.78. International Baccalaureate (IB) Physics Higher Level (One Credit).

- (a) General requirements. Students can be awarded one credit for successful completion of this course. Recommended prerequisites: two years of high school laboratory science.
- (b) Content requirements. Content requirements for International Baccalaureate (IB) Physics Higher Level are prescribed by the International Baccalaureate Organization.
