

## **Recommended Revisions to School Board Member Training—Framework for School Board Development**

### **Preamble**

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and in the future in the social, economic, and educational opportunities of our state and nation (Texas Education Code, §4.001).

The board of trustees is the governing body for Texas public schools. To effectively meet the challenges of public education, school boards and superintendents must function together as a governance leadership team. Each team will focus on the improvement of locally developed student outcomes through vision and goals, systems and processes, progress and accountability, advocacy and engagement, and team synergy. Teams ensure that their districts provide equitable and effective educational programs and services for all students. The Framework for School Board Development has been approved by the State Board of Education to provide the critical areas of development for all public school boards.

### **Framework**

- I. Vision and Goals—The board ensures creation of a shared vision and measurable goals that improve student outcomes, opportunities, and experiences. The board:
  - Keeps the district focus on the well-being of all children.
  - Adopts a shared vision that incorporates input from the community to reflect local aspirations and needs for all children.
  - Ensures that the vision aligns with the state’s mission, objectives, and goals for education established by law or rule.
  - Adopts a reasonable number of specific, quantifiable, research-based, and time-bound goals that align with the vision to improve student outcomes.
  - Embraces, supports, and fulfills the vision that all students receive what they need to learn, thrive, and grow, including resources, opportunities, and experiences.
  - Uses the vision and goals to drive all deliberations, decisions, and actions.
  
- II. Systems and Processes—The board ensures systems and processes are in place to accomplish the vision and goals. The board:

  - Approves goals, policies, and programs that ensure a safe and secure learning environment.
  - Ensures the equitable distribution of resources, opportunities, and experiences based on the diverse needs of students and schools.

- Holds itself accountable to its adopted vision, goals, commitments, and operating procedures.
