

113.24 US History

13 D Explain how the Great Depression impacted Europe, including the collapse of the German Weimer Republic and the consequences of the collapse.

New 14 I (not replace) Explain the importance of the creation of the United States War Refugee Board in 1944 to rescue Jews in Europe.

U.S Government 113.25

D 14 A add "including proof of U.S. citizenship"

D 13 B strike "information" and replace with "U.S. citizen population data from the census"

D 12 K change to "the oath to the U.S. Constitution"

C 12 E change to "reapportioned by using U.S. citizen population data from the census."

Also, I would like to put a place holder in 113.25 for a TEK explaining the importance of the 2nd Amendment. I think it fits in d 6, but I would like to work with TEA staff for final verbiage.
